A brilliant medieval action thriller perfect for fans of Bernard Cornwell, Matthew Harffy and Giles Kristian. It is 1347 and the French, after a crushing defeat at Crécy, are licking their wounds while

their king raises a new army. Locked into a fruitless siege, the English are camped in the marshes around Calais. Among them is foot soldier and archer Martin Kemp, whose dreams of serving his king and reliving the chivalrous adventures of King Arthur's Knights of the Round Table are tempered by the gory and brutal reality of siege warfare. Having narrowly escaped death in a surprise attack from the French, Kemp sees a chance for a reprieve when a shaky truce is signed. But can there really be peace for a

man like Kemp? Kemp: Passage at Arms is packed with authentic period detail and narrative verve, and cements Jonathan Lunn's reputation as one of the most entertaining historical thriller writers working today.

I've done everything right, my whole life. I never snuck out, never partied, never drank, never even had a high school boyfriend. Got all the best grades, got into all the best schools. I received not one, but TWO Ivy League University degrees. Had the paper-perfect fiancé, the paper-perfect life. And then it all fell apart. My fiancé cheated on me with my boss. I quit my job, left my fancy, upper-crust Boston condo, dumped my cheating fiancé...quit my entire life, basically. Took to day-drinking and bingeing Netflix. And then my younger sister Lexie calls me in a panic. She needs me to come rescue her, but won't say from what, just that I need to come get her...at her university...in New York. Which leads Lexie and I on road trip across the country. We form the no-bra man-hating day-drinkers road-trip club...membership two. And then I...umm...overindulge just a little bit, at a country music

festival. Get harassed by assholes. Have to be saved by tall, dark, and handsome man named Crow. Crow turns my whole world upside down. He shows me what real pleasure is. Shows me what I've been missing my whole life...what a man can and should do to make a woman feel really, really good. He's bad. Dangerous. Wild. He has a bad mouth, hard fists, and a dark, mysterious past. And a talented tongue. And hands I find myself wanting all over me, in a desperate way I thought was only real in the romances I read. And now, suddenly, I find myself wanting a wild mustang of a man, an untamable force of nature...and wondering if there's room in my safe, orderly, good girl world for him. Or if maybe I can learn how to be...not so good.\*\*\* She's everything good and sweet and innocent in the world, and I'm a hard-fisted brawler, an outlaw with a bloodstained past. I'm the exact, polar opposite to everything Charlie Goode is. I want her—I want her quick mind and her soft skin, her sexy curves and her sharp tongue. I want her body, and I want her soul. But I can't have her. When she finds out about the bloody, violent truth

of my past, she won't want anything to do with me. She'll run away as fast and as far as she can, because I'm not meant for a sweet, innocent thing like her. Until then, though, I plan on getting her a little dirty. Showing her some of the wild side where I live my life. Take what I can get, and enjoy the ride, and worry about the state of my heart later. You know what they say about the best laid plans, though.

DNS Exercise Journal - A brochure for kids This journal or DNS Fit Kid App is intended for coaches and therapists who use DNS FIT KID in their practice, particularly those working with young children and their parents. The application consists of twenty exercises based on five developmental positions and serves as a home exercise program for children aimed at both the treatment and prevention of musculoskeletal pain. More generally, these exercises can also be used as a fundamental, dynamic warm-up for not only common recreational play, but also youth athletic training. The DNS exercise app explains the developmental exercise positions to children in a fun, relatable manner, comparing them with the way ani-

mals characteristically move and pose. The concise text and colorful illustrations help to explain not only how the child ought to move, but also what they should feel during each movement or position. Of course, these also describe how to detect and correct errors and movement faults typically found with each exercise. Furthermore, in order to help train exercise transitions, movement memory, mimicry, and team exercise (while also incorporating speech development), the DNS app has included a variety of rhythmic songs that are meant to be sung along with every global movement routine. By incorporating both animal imagery and catchy songs into each routine, the DNS Fit Kid App motivates children to exercise regularly in a pleasurable, playful way, while also emphasizing DNS principles like optimal posture and ideal movement coordination.

Mitch Gallagher is a loner, down to the bone. Banished at sixteen from everything and everyone he held dear, he's an intensely private man whose rusty, unused heart long ago gave up on love. Fragile Perrie Matheson is on the run to protect her beloved

son. Too ill to travel further with a winter storm on the way, she has no choice but to gamble her child's safety on a man who wants only to be left alone. But during days spent together in the mountain cabin, Mitch and Perrie each find surprises in store...and all the reasons they should stay apart battle with the yearnings of hearts too long denied love.

Take New York by storm and steer clear of serious relationships. That's the plan. That's the goal. It's easy too, now that my software company is making headlines. Nothing is getting in the way of that-not even my sexy personal trainer. I don't care how beautiful and intriguing she is. Mel Dawson keeps talking me into doing things, like watching the sunset and slowing down to enjoy life. When she trains me, and I watch her body, I'm constantly fantasizing about exploring every inch of it all night long, claiming her mouth every time she gives me a sassy reply. I don't even know who I am when I'm with her. I'm suddenly a completely different man. But, I like this version of myself better. Mel's smart, determined, and keeps me guessing. She's everything I need and

want, but I've been burned before. I'm used to taking chances in the boardroom, just not in my personal life. How much am I willing to risk for a chance to make her mine?

As soon as I saw him, it was war. I thought at first it would be between me and him. Cade was cold and hard and didn't want anything to do with the headmaster's daughter. I was off-limits. He didn't need that kind of trouble. I didn't need that kind of trouble, either. And since I did my best to avoid any kind of trouble, that should have been the end of it. But when I saw him, he also saw me. All of me. The lonely parts. The dark parts. The secret parts. He became my ally. I lost the battle with myself and fell in love despite the risk. But the war isn't over for either of us. Not as long as my father is alive. Book two of three in the final trilogy in the Dirty Universe.

This report presents the results of the project Safe Future Inland Transport Systems (SafeFITS), which aims to develop a robust road safety decision-making tool to support the most appropriate road safety policies and measures to achieve tangible results. Road accidents constitute a major social problem in modern societies, accounting for more than 1 million accidents per year in EU-28 (2,900 per day), resulting in 1.4 million injuries and 26,000 fatalities. Current trends suggest that, unless action is taken, traffic injuries will become the fifth leading cause of death by 2030, with the disparity between high-income and low-income countries further increased.

This book presents new technologies which are available now for the rehabilitation of visual acuity in patients suffering from keratoconus and for arresting the progression of this frustrating disease. All these current treatment options in differing combinations aim to improve the quality of life of the patients and although successful, they are causing confusion for the ophthalmologists; what procedure to do and when? How to perform? Which combination of treatments to choose? Controversies in the Management of Keratoconus provides the widely used treatment options for keratoconus including collagen corneal cross-linking (CXL) covering all the available techniques, intrastromal corneal ring segments (ICRS), phakic in-

tra-ocular lenses (IOLs), photorefractive keratectomy (PRK) combined or not with CXL penetrating keratoplasty (PK) and deep anterior lamellar keratoplasty (DALK). Each treatment is addressed by more than one author with different points of view in order to present the various approaches, the logic behind them and the most relevant clinical data available. A chapter by the editor tries to put some light on how to navigate among these controversies. This book will be of interest to trainees as well as the specialized ophthalmologists.

MASTER OF DECEPTION  
Rugged Special Agent Reese Garrick never expected to find himself posing as a dashing movie star. Nor did he expect to find his dream woman on the steel decks of a naval warship. Lieutenant Jade Parker was gorgeous, though hardly wife material. Besides, his perilous mission hinged on winning her confidence not her

heart. Jade had one goal in sight, and it wasn't marriage. If coddling a temperamental actor would get her closer to becoming captain, she would suffer through. But Jade soon realized there was more to sexy, secretive Reese than met the eye. Lifetime ambition aside, she wanted him. And that terrified her more than the danger that was closing in .
