Evaluation of Elementary School 4th Grade Human Rights, Citizenship and Democracy Course's Curriculum According To Teachers' Perspectives: A Qualitative Research

This collection establishes a highly topical, new, international field of study: that of gender, education and citizenship. It brings together for the first time important cutting-edge research on the contribution of the educational system to the formation of male and female citizens. It shows how gender relations operate behind apparently neutral concepts of liberal democratic citizenship and ...

connections between democracy and purposes of education in a context where democracy is believed to be desirable and yet remains largely un-examined in schools. Consistent with this approach, data were collected from interviews with administrators in K-12 schools. The major research

### Carlos Alberto Torres (academic) - Wikipedia

Democracy and Education: An Introduction to the Philosophy of Education is a 1916 book by John Dewey.. For Dewey, this distinction was largely a false one; like George Herbert Mead and Lev Vygotsky, he viewed the mind and its formation as a communal process. Thus the individual is a meaningful concept only when regarded as an inextricable part of his or her society, and the society has no ...

With special attention to the implications of new technologies for higher education's mission of contributing to a vibrant democracy, this issue invites

readers to reflect on how technological change in an array of areas is affecting higher education's work to educate all students for participation in the linked spheres of civic and ...

Democracy & Education: Collected Perspectives is the first in a series of volumes of collected essays and papers from people around the world on the subject of democracy and education. The series is the project of the John Dewey Center for Democracy and Education based at the University of Minnesota in Minneapolis.

As we recently discussed in Diverse: Issues in Higher Education (2014), campus climate can be defined as "the cumulative attitudes, behaviors, and standards of employees and students concerning access for, inclusion of, and level of respect for individual and group needs, abilities, and potential" (Rankin 2005, 17), and is additionally affected ...
