HZFGHL - MAGDALENA ANNA

We're not talking about the noise that is made when a car drives down the road. We're talking about the noise of negativity, drama, gossip, anxiety, and so on. The purpose of this book is to help remind you that most of these are just noise. Oftentimes, this sort of noise comes from sources who don't know what they are speaking of anyways.

Ignore the noise, focus on meaningful policies. The daily noise the Trump administration generates distracts us from a constructive dialogue about the real issues. For example, the caravan headed to our border is being used to both frighten us and distract us from talking about meaningful im-

migration reform.

Ignore The Noise Focusing On

Use earplugs or noise-canceling headphones to block out any noises that might disturb your ability to concentrate. Another option is to play some classical or ambient music just loud enough to cover the background noise. If you know that the noise will be loudest at certain times of the day or weak, save your easier tasks for

these moments.
