AWB075 - WESTON MELTON

Book description. The Short Introduction to Corporate Finance provides an accessibly written guide to contemporary financial institutional practice. Rau deploys both his professional expertise and experience of teaching MBA and graduate-level courses to produce a lively discussion of the key concepts of finance, liberally illustrated with real-world examples.

B858 | Introduction to Corporate Finance | Open University

Introduction to Corporate Finance is distinguished by the cash-flow 'arc' of the narrative, which gives a practical learning path, and the use of real options, which is a practical analysis tool that is used in corporate finance.

This edition is an adaptation for a European and UK audience of the text originally authored by Bill Megginson and Scott Smart, Introduction to Corporate Finance. The book has been rewritten, restructured and reorganized to reflect a European-centric approach. Throughout the authors have attempted to blend a balance of material – it is impossible and improper to ignore the interlinkedness of modern finance, and in adapting this book the authors have been conscious of this.
