2004 Mercury 2-Stroke Series 225XL EFI SALTWATER Outboard ...

Hi guys, Has anyone had got any experiences on the mercury saltwater series, 2 strokes. I have seen alot of boats with them on and was wondering if they are reliable and are they good on fuel. trying to compare them to four strokes. seen a 115 in a 5.8m ali but wondering if it is not enough hp with 4 blokes on the boat.

The only engine by Mercury that I associate with the description of "225-HP 4 stroke" would be the c.2002 outboard engine that Mercury bought from Yamaha. These were completely Yamaha engines. Mercury was reported to have bought about 4,000 of them, and they were just painted in Mercury's black colors instead of the usual Yamaha blue-gray colors.

Mercury Salt Water Series - Moderated Discussion Areas

I'm picking up my 90 HP 2 stroke ELPTO Mercury and was worried that it was not equipped for saltwater use. I'm no longer worried about that as the difference in the salt water series is minimal. I plan to flush each time I pull the boat out of the water using earmuffs, as the built-in flush connector does not take care of the lower unit.

Outboard Motors. Nobody makes a more reliable, powerful, and efficient lineup of outboard motors than Mercury: Verado, Pro XS, FourStroke, SeaPro, and Jet. Backed by decades of innovation and leadership, Mercury outboards are built to go the distance, delivering legendary performance driven by forward-thinking technology.
