Oncoplastic Surgery of the Breast - 9780702076800 | US ...

Oncoplastic surgery is integral to all breast cancer surgeries. The use of an aesthetic approach to breast conservation or mastectomy greatly enhances the range of options that can be offered to women with breast cancer and facilitates better outcomes from it.

Oncoplastic Breast Surgery: What, When and for Whom?

Oncoplastic surgery combines the latest plastic surgery techniques with breast surgical oncology. When a large lumpectomy is required that will leave the breast distorted, the remaining tissue is sculpted to realign the nipple and areola and restore a natural appearance to the breast shape.

Breast Reconstruction (Oncoplastic Surgery): Johns Hopkins ...

The word "oncoplastic" is a combination of the Greek words "onkos" (tumor) and "plastia" (to mold or shape). The concept of oncoplastic breast surgery is based on using reconstructive surgical techniques to shape the remaining breast after removing a mass or, alternatively, to form a new breast following excision of all of the breast tissue.
