If you want to improve your present selling ability.....If you need a "brushing up job," after the past few non-selling years.....Or if you are in another business and feel you

want to enter selling..... Then this is the course for you! Read on! If you abhor "long courses" that take months and months.....If the idea of learning how to sell in 17 weeks if you prefer, or 17 days, if you are up to it, appeals to you.....If you have a sales manual that needs modernizing with "Tested Selling Sentences," or if you want to build one from scratch..... Then read on! This is YOUR QUICKIE COURSE, by America's foremost authority on selling and manual building. Elmer Wheeler is not just a "teacher," but a doer, a man with a list of clients that reads like a Who's Who of American business. You can practice a chapter a day—or a chapter a week—and learn this amazing new Sizzle Way of selling and manual building that has been used by 247 sales corporations for 19 successful years! Read on! Time is

valuable. Few salesmen have much time these days to study. Beginners are busy, too, perhaps on other jobs; yet they want to enter the field of selling. What is their solution? It is this—a short course in selling that is concise, to the point, minus frills and “kindergarten” stuff. Yet a course that embodies everything a salesman needs to know before he makes a call—or before the beginner applies for his first selling job. It is for the salesman with little time, yet a desire to improve himself in 17 ways in 17 days. It is for the beginner who wants to get his first job and hold it. It’s for any person, or firm, large or small, who wants to build an up-to-date Sales Manual—and test it out! It’s for everybody or anybody who wants to sit at the feet of the Master Salesman, Elmer Wheeler, for 17 days and learn the highlight skills of salesmanship in 17 ways.

For Stirling engines to enjoy widespread application and acceptance, not only must the fundamental operation of such engines be widely understood, but the requisite analytic tools for the stimulation, design, evaluation and optimization of Stirling engine hardware must be readily available. The purpose of this design manual is to provide an introduction to Stirling cycle heat engines, to organize and identify the available Stirling engine literature, and to identify, organize, evaluate and, in so far as possible, compare non-proprietary Stirling engine design methodologies. This report was originally prepared for the National Aeronautics and Space Administration and the U. S. Department of Energy.

"I have always had faith that the best writers will rise to the top, like cream, sooner or later, and will become exactly as well-known as they should be—their work talked about, quoted, taught, performed, filmed, set to music, anthologized. Perhaps, with the present collection, Lucia Berlin will begin to gain the attention she deserves." - Lydia Davis

A MANUAL FOR CLEANING WOMEN compiles the best work of the legendary short-story writer Lucia Berlin. With the grit of Raymond Carver, the humor of Grace Paley, and a blend of wit and melancholy all her own, Berlin crafts miracles from the everyday, uncovering moments of grace in the Laundromats and halfway houses of the American Southwest, in the homes of the Bay Area upper class, among switchboard operators and struggling mothers, hitchhikers and bad Christians. Readers will revel in this remarkable collection from a master of the form and wonder how they'd ever overlooked her in the first place.
