Cebora Pocket Turbo 130 and Snap-On 130 Mig cosworth turbo converted for escort rs turbo (bolt straight on) garrett turbo built by turbo technics stage 2. Details: hose, cebora, pocket, turbo, torch, welding, snap-on, metre, lengths, available

Devon, England I recently bought an old Snap On MIG 130 Turbo for just £60, all it needed a new trigger and torch handle to be usable. I also got a new shroud, as the one on the torch was pretty beat up, and slid off quite easily.

Snap On Mig Welder 130 Turbo. I have owned this for six years, last used two and a half years ago, it does work as you can see it's had a hard life. The button is missing of the trigger so you have to push a little harder, it feeds the wire ok and the gas supply all worked. I'm sure if you replaced the cable feed and trigger it would function like new, selling as I don't use it and it takes up space in garage.

SNAP-ON MIG WELDER 130 TURBO. HERE FOR SALE IS A SNAP-ON 130 AMP MIG WELDER. It has been fully serviced and refurbished with several new parts fitted and comes with a gas conversion and regulator so it can be run off large gas bottles. Wire drive plate assembly, complete. Torch liner.
