I see at least 10 or more beautiful Stihl saws that are 25 years old every week. We have tried to repair "What's Wrong", but in almost every case, the reality is the saws are not serviceable for a typical consumer. Many customers return with the saw seeking warranty work. At that point we move to a slippery slope, and unhappy customers.

### Stihl Chainsaw Service Or Repair

Stihl saws have hundreds of parts, all operating in conjunction with each other, that can all break down and need replacing. However, most of these parts deal with only three things: spark, air compression and fuel. By isolating your problem in one of these three categories, you will be able to quickly locate the problem and fix the saw.
