### **TextBook The Globalizing Learning Economy Major Socio ...**

We have preferred to use the title The globalizing learning economy rather than the more in vogue expression 'The global knowledge-based economy' because we want to emphasize that we are still a long way from a truly global economy and that there are still vast differences among countries, regions, and social classes in terms of the exploitation of the available knowledge. Moreover, what connotes the present era is not only the intense use of knowledge but also a learning process ...
